

droptestkits.com

suppliers of drop test reagents, test strips, dipslides

Newsletter 1 - April 2006

After running App-Chem for the last 3 years, Philip Trinder and John Dobson have set up droptestkits.com to offer dipslides, incubators, test strips, pocket test meters, test kits and a range of the most common drop test kit reagents.

Drop test reagents used in the daily, weekly and monthly analysis of system waters will be available from May 2006. The range will be increased every month, notifying you via our email newsletter. However, if you feel you would like us to concentrate on a particular reagent then just email us at :

philip@droptestkits.com or john@droptestkits.com

Now on offer are dipslides (10 per box) for £4.90 + VAT. Postage is charged at £9.50 + VAT for up to 40 boxes.

We are also pleased to offer the 2 slide Gnat incubator for only £ 66 + VAT and delivery.

£4.90/box

£66 + VAT

Also available from stock are a complete range of test strips such as **Hydrogen Peroxide, Silver, Bromine, Chlorine, Chlorine Dioxide, Hardness, Iron, Molybdate and Nitrite.**
